

## IESBA Post-Implementation Review (PIR) Survey (DRAFT) Structure of the IESBA Code

### Note to IESBA:

*IESBA members are invited to provide any advance comments on the survey to [kamleung@ethicsboard.org](mailto:kamleung@ethicsboard.org) and [jeanneviljoen@ethicsboard.org](mailto:jeanneviljoen@ethicsboard.org).*

*This draft survey will be updated for the inputs received from IESBA members in advance or on Day 1 of the March meeting.*

### Introduction

This survey is only applicable to respondents that use the 2018 or later edition of the [\*International Code of Ethics for Professional Accountants \(including International Independence Standards\)\*](#) (the Code). Part 5 of the Code as contained in the [\*International Ethics Standards for Sustainability Assurance\*](#) (IESSA) is outside the scope of this survey and only becomes effective in December 2026.

1. The International Ethics Standards Board for Accountants (IESBA) is conducting a post-implementation review of the structure and drafting of the Code.
2. This survey seeks to obtain input from a broad range of stakeholders to enable the IESBA to determine:
  - (a) Whether the restructuring of the Code through revising its structure and redrafting its provisions<sup>1</sup> has achieved its intended purpose by identifying:
    - (i) Benefits from the restructuring of the Code; and
    - (ii) Any practical challenges or questions regarding the understandability and usability of the Code, including whether it is being consistently understood and applied; and
  - (b) What actions, if any, are needed by the IESBA to address identified matters.
3. The responses received will be analyzed for purposes of providing feedback to the IESBA and in developing recommendations for any actions.
4. The survey comment period starts on **[April 1]** and ends on **[July 3]**.

### Survey Responses to be Made Public

5. Unless confidentiality is specifically requested, respondents' submissions will be considered a matter of public record and will be posted to IESBA's website.

### Survey Instructions

## Part B – General Information (All Respondents)

The revised structure and redrafted provisions of the IESBA Code from the Structure Project were integrated into the 2018 Revised and Restructured IESBA Code (Restructured Code).

Other revisions which were concurrently developed were integrated into the 2018 Restructured Code. Subsequent new or revised standards which were incorporated into later editions of the Code have all been structured and drafted consistently with the enhancements made in the Structure Project.

Accordingly, the following questions seek to understand the adoption status of the Restructured Code (2018 edition and onwards) in respondents' jurisdictions, relevant educational materials and guidance that have been issued or used by respondents, and the inquiries or questions related to the structure and drafting of the Restructured Code that have been commonly received or experienced by respondents.

*Note:*

*In this survey, adoption (full or with modifications) refers to the formal acceptance and incorporation of the IESBA standards into your jurisdiction's national laws, regulations or professional requirements.*

*Convergence is where a jurisdiction aligns its national ethics (including independence) standards or provisions with the IESBA standards through a process that seeks to eliminate differences between the IESBA and national standards or provisions. This includes a process where an IESBA standard is used as a basis to develop the local standard or provisions.*

### **Part C – Usability and Clarity of Language and Responsibility (All Respondents)**

***The overview below provides brief background to the questions that follow regarding specific aspects of the restructuring or redrafting of the IESBA Code.***

*Building Blocks Approach*

The Restructured Code has four Parts which are focused on all professional accountants (Part 1), professional accountants in business (Part 2), professional accountants in public practice (Part 3), independence for audit and review engagements (Part 4A), and independence for other assurance engagements (Part 4B).

A building blocks approach was applied whereby Part 1 applies to all professional accountants but is not repeated in subsequent Parts. Rather, the provisions in subsequent Parts are incremental in nature and build off Part 1.

Each Part includes various Sections to address specific topics. Each Section of the Restructured Code is structured, where appropriate, as follows:

- Introduction – sets out the subject matter addressed within the section and introduces the requirements and application material in the context of the conceptual framework.
- Requirements – establish general and specific obligations with respect to the subject matter addressed.
- Application material – provides context, explanations, suggestions for actions or matters to consider, illustrations and other guidance to assist in complying with the requirements.

To guide users in navigating the provisions in the Code, a “Guide to the Code” was added.

19. Is the building-blocks approach of the IESBA Code simple and clear, and does it help in navigating the Code?

- Yes
- Somewhat (*Please explain your response*)
- No (*Please explain your response*)

20. Is the “Guide to the IESBA Code” helpful in explaining how the Code is structured and should be applied?

- Yes
- Somewhat (*Please explain your response*)
- No (*Please explain your response*)

***Emphasizing Compliance with the Fundamental Principles and Applying the Conceptual Framework***

To emphasize a professional accountant’s responsibility to comply with the fundamental principles and apply conceptual framework:

- An overarching requirement was included in Sections 200, 300, 400 and 900; and
- Reference to the requirement to apply conceptual framework is included in the introductory sections of the remaining Sections within Parts 2, 3 and 4 of the Restructured Code.

21. Is it clear within each Section that a professional accountant (or firm as appropriate) has the responsibility to comply with the fundamental principles and apply the conceptual framework?

- Yes

- Somewhat (*Please explain your response*)
- No (*Please explain your response*)

#### *Distinction Between Requirements and Application Material*

To give more prominence to obligations set out in the Code (including specific prohibitions) and separate them from guidance or explanatory material, requirements are clearly distinguished from application material:

Requirements are designated with the letter “R” and, in most cases, include the word “shall”. The word “shall” in the Code imposes an obligation on a professional accountant or firm to comply with the specific provision in which “shall” has been used. In some situations, the Code provides a specific exception to a requirement. In such situation, the provision is also designated with the letter “R” and is linked to the requirement to which they pertain by using the phrase “as an exception to.”

Application material is designated with the letter “A.” Such provisions will follow the requirement that they are explaining.

Requirements will not reference application material to avoid blurring the distinction between requirements and application material.

#### *Scalability*

The Restructured Code was organized to illustrate the Code’s scalability by giving greater prominence to the overarching requirement to comply with the fundamental principles and apply the conceptual framework, followed by specific requirements.

Requirements that apply to firms when providing professional services to public interest entities (PIEs) are located after requirements that apply to other entities.

22. Does the IESBA Code’s approach to delineating requirements (“R” paragraphs) from application material (“A” paragraphs) make it clear what a professional accountant’s or firm’s obligations are?
- Yes
  - Somewhat (*Please explain your response*)
  - No (*Please explain your response*)
23. If performing audit or review engagements, does the Code’s approach to delineating the requirements that apply to PIE clients and non-PIE clients clearly illustrate the scalability of the Code?
- Yes
  - Somewhat (*Please explain your response*)
  - No (*Please explain your response*)
24. If your organization has responsibility to enforce compliance with the provisions of the Restructured Code, has the delineation of requirements and application material helped with enforceability?
- Yes
  - Somewhat (*Please explain your response*)
  - No (*Please explain your response*)

- N/A as do not enforce the provisions of the Restructured Code

#### *Clarity of Language and Readability*

The Restructured Code was redrafted to increase the clarity of language to improve its readability and understandability, including use of simpler and shorter sentences, simplifying complex grammatical structures, and avoiding legalistic and archaic terms.

Further, to minimize the risk of ambiguity and confusion through inconsistent use of terms, the IESBA agreed that:

- When the word “may” is used in the Code, it denotes permission to take a particular action in certain circumstances, including as an exception to a requirement. It is not used to denote possibility.
- When the word “might” is used in the Code, it denotes the possibility of a matter arising, an event occurring or a course of action being taken.

25. Is the language used in the Code clear, readable and understandable?

- Yes
- Somewhat (*Please explain your response and provide examples with reference to specific provisions in the Code which you consider may not be clearly drafted*)
- No (*Please explain your response, and provide examples with reference to specific provisions in the Code which you consider are not clearly drafted*)

26. Is the language used in the Code easy to translate?

- Yes
- Somewhat (*Please explain your response and provide examples with reference to specific provisions in the Code which you consider may not be easy to translate*)
- No (*Please explain your response, and provide examples with reference to specific provisions in the Code which you consider are not easy to translate*)

#### **Other Comments**

27. Are there any other comments relating to the structure and drafting of the IESBA Code that the IESBA should consider as part of this PIR?

#### **Part D – Clarity of Responsibility (Individual Professional Accountants in Public Practice, Accounting Firms, Regulators or Oversight Bodies, Professional Accountancy Organizations)**

The independence sections in the Restructured Code are included in the *International Independence Standards (IIS)* to emphasize its international application and enforceability.

The IIS comprise Part 4A – *Independence for Audit and Review Engagements* (i.e., Sections 400 to 899) and Part 4B – *Independence for Assurance Engagements Other than Audit and Review Engagements* (i.e., Sections 900 to 999).

In the IIS in Parts 4A and 4B, specific provisions relating to audits of entities that are not public interest

entities (PIEs) and those relating to audits of PIEs are presented under separate headings titled:

- “All Audit Clients” to introduce provisions that apply in all circumstances and for all audits;
- “Audit Clients that are not Public Interest Entities” to introduce provisions that apply to audits of clients that are not PIEs; and
- “Audit Clients that are Public Interest Entities” to introduce provisions that apply to audits of PIEs only.

28. Is an individual PAPP’s responsibility in relation to independence clear?

- Yes
- Somewhat (*Please explain your response*)
- No (*Please explain your response*)

29. Is a firm’s responsibility in relation to independence clear?

- Yes
- Somewhat (*Please explain your response*)
- No (*Please explain your response*)

30. Is a network firm’s responsibility in relation to independence clear, and is that responsibility clearly distinguished from a firm’s responsibility?

- Yes
- Somewhat (*Please explain your response*)
- No (*Please explain your response*)
