#### **4. SECTION III: SSBs' STRATEGIC POSITIONING FOR 2028–2031**

---

**4. As the SSBs look toward the 2028–2031 period, they are reflecting on how to position their strategies and work plans to best serve the public interest within a rapidly changing global environment. This involves careful consideration of how the SSBs remain relevant, responsive, and impactful in their standard-setting and other related work. In that context, what do you believe the SSBs should aspire to achieve during their next strategy period, 2028–2031?**

**Your answer may touch on different dimensions, for example:**

**The relevance, responsiveness and impact of the SSBs' standard-setting and related activities.**

**Broader adoption and effective implementation of the SSBs' standards.**

**The SSBs' interaction and engagement with key stakeholder groups.**

**The SSBs' ability to serve the public interest.**

**The examples above are for illustrative purposes only and should not limit, direct, or otherwise influence your response.**

**Your answer should address the IAASB and IESBA collectively; however, you may wish to also highlight matters specifically for the IAASB or IESBA (if applicable, you could use separate headings to address such matters).**

just standard setting but with the real perception of SMEs and SMPs. Currently the perspectives and experiences of big auditors and public companies are in the focus.
